WorkCentre 5845/5855 Multifunction Printer

A new kind of office productivity.

When you invest wisely in office technology,

your chosen solution simply gets it done, behind the scenes, and frees you to focus on the work that really matters. You need the peace of mind that comes from knowing you're free to work the way you want.

You need a solution that helps improve your day-to-day processes, plus the advanced capabilities that empower you to work more nimbly, more cost-effectively and more securely.

You need the solutions enabled by the Xerox® ConnectKey Technology and our WorkCentre® 5845/5855.

A better way to get work done.

You succeed because you're productive, flexible and reliable. You need an office technology solution that matches those strengths. Which is why we designed the Xerox® WorkCentre® 5845/5855 with a powerful mix of features and capabilities that help you get more work done in ways you never imagined.

- **Great features – your choice of speeds.** With fast copying and printing – up to 45 ppm or up to 55 ppm – there's more than enough speed to meet the needs of any busy workgroup. But if your business demands department-level productivity, consider the higher-speed models in the WorkCentre 5800 series family: the WorkCentre 5865, 5875 or 5890, for ultra-fast performance up to 90 ppm.
- **Scanning at up to 200 images per minute (duplex speed).** Single-pass color scanning enables faster electronic distribution of full-color documents for more effective and impressive communications.
- **Single touch scanning.** Use the Single Touch Scan feature to create a dedicated, easy-to-locate scan button directly on the color touch screen interface. Assign the Single Touch Scan button its own scanning workflow for fast document distribution and archiving.
- **Higher paper capacity, more flexibility.** Print more for longer with a total paper capacity of up to 8,700 sheets. Multiple finishing options, from basic to advanced, give you the flexibility your workload requires.
- **Exceptional print and copy quality.** With superior fine-line definition, shadows and highlights, your copies truly look like the original.
- **Walk-up simplicity.** Print from and scan to any USB memory device for faster document delivery when you're not at your computer.
- **Your print job, your priority.** The Print Around feature eliminates extended printing delays by holding a job in need of resources (such as a different paper size) and printing the next job in the queue.
- **Customize your solutions.** Xerox Extensible Interface Platform® Serverless technology allows creation of applications to run on ConnectKey-enabled MFPs without the need for additional IT infrastructure. This allows you to simplify and personalize the usability of your device with a range of capabilities from support applications to scanning.

Illuminated Paper Path

The WorkCentre 5845/5855 features an illuminated paper path, which makes user access even easier.

Simplicity beyond ease of use.

When office life is simpler, you're free to focus on the work that really matters. But you need the right tools to help you get there. Rest assured, the Xerox® WorkCentre® 5845/5855 turns complexity into a higher level of simplicity with a solution that works the way you do.

Conservation Built-in

Get a powerful multifunction printer that includes a number of environmental features.

- Power save with quick start-up conserves electricity during downtime while keeping the device ready for action.
- Full compliance with the EU Restriction of Hazardous Substances (RoHS) Directive, Environmental Choice, EPEAT and the stringent ENERGY STAR® TEC Version 1.2 standards.
- Multiple print settings are available that allow for reduced impact on the environment. Options include default two-sided printing, proof print, printing on recycled paper and draft mode.
- Our innovative Earth Smart print driver settings let you select the most environmentally conscious print options.

- **Leading-edge color touch screen user interface.** Provides the comfortable look and feel Xerox is known for and features bright, intuitive icons and easy access to all major functions directly from the home screen.
- **Less user intervention means less downtime.** Our new, more efficient toner lasts longer and can be replaced quickly by any user and provides superior image quality.
- **A help desk at your fingertips.** Get quick, easy, step-by-step troubleshooting assistance – like tips for sending a scan via email – with embedded help videos right on the user interface.
- **Xerox® Online Support.** Stay up and running with instant access to searchable online help right at the device's front panel or in the print driver. You get the same information our Product Support Specialists use when resolving printer problems, assisting with error codes, print quality, media jams, software installation, and more.
- **A truly universal print driver.** Xerox® Global Print Driver® lets IT administrators install, upgrade and manage Xerox® and non-Xerox® devices from a single driver. It provides a consistent, easy-to-use interface for end-users, reducing the number of support calls, and simplifying print services management.
- **Advanced copy and print features.** The WorkCentre 5845/5855 greatly simplifies everyday office tasks, providing plenty of support for specialized print applications including Annotation, Bates Stamping, ID Card Copy, tab print capability and page-level programming.
- **Consistent user experience.** The WorkCentre 5845/5855 features the same controller technology as our other latest-generation tabloid-size multifunction printers, making users more comfortable operating the devices because of their common look and feel. For more information about our groundbreaking Xerox® ConnectKey® Controller technology, visit www.xerox.com/connectkey.

Securing what matters most.

Don't take chances with your sensitive information. Working at peak performance means nothing if the data that's critical to the success of your business isn't fully safeguarded. And network multifunction devices are potential points of entry for malicious activities. That's why the Xerox® WorkCentre® 5845/5855 boasts the most complete range of advanced features, technologies, and solutions from security-industry leaders that ensure comprehensive, 24/7 protection.

- **Protect your confidential information.** Safeguard all sensitive data with encrypted PDF files for scanning; hard drive encryption, compliant with the 256-bit AES FIPS 140-2 standard; and Image Overwrite with a 3-pass scrub process to ensure total deletion of all data fragments.
- **Prevent unauthorized Access.** Permit only authorized users to access the device with Xerox® user permissions, network authentication, IP filtering, and smart card, role-based and function-level login.
- **Manage threats proactively.** As new threats emerge, Xerox proactively monitors security clearinghouses for new vulnerabilities and provides patches when necessary, ensuring your equipment stays current and your data is kept safe. Plus, you can receive up-to-the-minute updates via RSS feeds and stay informed via www.xerox.com/security.
- **Stay compliant with regulations.** WorkCentre 5845/5855 devices comply with the latest security standards across industries, including government, finance and healthcare. These include Common Criteria, HIPAA, Data Protection Act, COBIT and more. These devices can conform to any standard, with controls available to match your needs.
- **Gain complete visibility.** Prevent IP theft and ensure non-repudiation by having total visibility into the device and network. With security policy management and tracking of most activities on the device with Audit Log, you can know who accessed what, when and details of most interactions with the device.

Powerful Partnerships

The WorkCentre 5845/5855 series includes McAfee® technology integration, resulting in the industry's first lineup of multifunction printers that protect themselves from potential outside threats. McAfee's whitelisting technology ensures only safe, pre-approved files or functions are executed on your devices, minimizing the need to manually update software levels against new security threats. Also, seamless integration with the Xerox® Managed Print Services toolset and McAfee ePolicy (ePO) allows for easy tracking and monitoring.

Plus, automatic Cisco® TrustSec Identity Services Engine (ISE) integration provides comprehensive visibility of all Xerox® ConnectKey®-enabled MFPPs' endpoints to enforce IT-centric security policies and compliance.

Real business happens wherever you are.

You need the advantage of anytime, anywhere access to the technology that makes your work easier. You need a real-world solution that bridges the gap between workplace productivity and the tasks that have to get done beyond your office walls. Our mobile solutions empower today's professionals to get real work done in the office and on the go, providing the freedom and flexibility to keep pace with the demands of your business – wherever it takes you.

Remote Control Panel

Remotely and securely operate the WorkCentre 5845/5855 control panel from any office PC as though you were standing at the device. The Remote Control Panel allows IT staff to remotely view and control the user interface and makes it easier and more convenient to train users. And during a remote session, walk-up users are notified at the device to prevent simultaneous system changes. Plus, advanced print drivers and free device management tools let you remotely monitor real-time performance and available resources for greater uptime.

The Freedom of Uninhibited Mobility

Whether at work or working away, the Xerox® WorkCentre® 5845/5855 provides powerful, helpful technologies with barrier-free accessibility. Now, office staff can control device functions from any workstation, while mobile professionals stay connected to the communications tools and productivity solutions offered by the WorkCentre 5845/5855 – for more flexibility, anywhere.

- **Optional Wi-Fi connectivity.** Administrators can connect the WorkCentre 5800 series devices anywhere, without the need for network cabling.
- **Apple® AirPrint™.** Print email, photos and important office documents directly from your Apple iPhone® or iPad® with no drivers to install.
- **Xerox® Mobile Print, and more.** Take the mystery and anxiety out of wireless and mobile device printing. Xerox has all the options to enable secure, accurate printing from most mobile devices, to any printer or multifunction printer, regardless of brand. Whether offsite or onsite, learn more about why Xerox is the only choice for today's mobile professionals by visiting www.xerox.com/mobile.
- **Mopria™ certified.** Mopria certification simplifies the mobile printing experience for tablets and smartphones to many printing devices, including the WorkCentre 5800 Series.
