**KONICA MINOLTA**

WITH BIZHUB, IT'S EASIER TO SWITCH TO COLOR.

To communicate with greater impact, your business needs color. And the bizhub™ C300 makes replacing your existing monochrome printer/copier an easy decision – with spectacular 30 ppm color output when you need it, plus cost-efficient B&W for everyday print/copy needs. Built-in print control provides lightning-fast scanning at up to 65 originals per minute in B&W, and up to 50 opm in color – to bring information into your system faster. With Scan-to-User Box capability on a 40 GB hard disk drive, the bizhub C300 becomes the hub of your business. And modular built-in finishing options deliver automated in-house, on-demand printing. For making the switch to color, the bizhub is more than a replacement – it's an improvement.

The essentials of imaging

THE POWER OF PAGESCOPE™ SOFTWARE. PAGESCOPE DATA ADMINISTRATOR™ MANAGES DEVICE USER LISTS AND ENABLES ACCOUNT TRACKING, AND HELPS YOU SET UP ONE-TOUCH EMAIL ADDRESSES AND MANAGE PASSWORD AND SECURITY FUNCTIONS. PAGESCOPE WEB CONNECTION GIVES YOUR C300 ITS OWN "WEBSITE" FOR STATUS MONITORING; PAGESCOPE WORKWARE™ AND PAGESCOPE ROUTER MAKE IT EASY TO MANAGE SCANNED DOCUMENTS, VIEW FILES AS THUMBNAIL IMAGES, LINK FILES, CONVERT FILE FORMATS AND SCAN AND DISTRIBUTE IN A SINGLE STEP.

TRULY SPECTACULAR COLOR IMAGES. A NEW LASER PRINT ENGINE AND EXCLUSIVE KONICA MINOLTA SIMITRI® COLOR POLYMERIZED TONER TECHNOLOGY COMBINE TO PRODUCE CLEAN, CRISP DETAIL AND CONSISTENT COLOR TONALITY FOR HIGH-IMPACT DOCUMENTS.

THE POWER OF BIZHUB™ OP. THREE ADVANTAGES IMPROVE MULTIFUNCTIONAL PERFORMANCE — BIZHUB ARCHITECTURE TO RUN ALL FUNCTIONS ON ONE CPU AND MEMORY SUBSYSTEM, THE EMPERON™ PRINT SYSTEM FOR INTEGRATED PRINT/SCAN OUTPUT WITH SIMPLE USER INTERFACE, AND BIZHUB OPEN API FOR CUSTOM INTEGRATION WITH FUTURE THIRD-PARTY SOFTWARE.

KONICA MINOLTA bizhub C300

A fast, economical way to switch to color. With the bizhub C300, you'll have color and B&W output speed of 30 ppm output speed – so the bizhub C300 is an ideal cost-effective replacement for your current monochrome document system.

B&W print output at competitive cost. A larger-capacity B&W toner cartridge helps lower your total cost of ownership even further.

The Emperon™ Print System. Unique technology, seamless functionality and in-house PCL/PS (emulation) print drivers give the bizhub C300 significant advantages in print performance.

Print control has never been easier. With built-in print control and simple user interface, you'll have desktop point-and-click command of scanning, printing and finishing – your key to in-house print productivity.

The beauty of a central document resource. With Scan-to-User Box functionality, you can "push-scan" documents to individual secure User Boxes on a built-in 40 GB hard drive – making the bizhub C300 a central document resource that speeds your workflow.

Smaller files, higher quality. Using compact PDF scan format with smaller scan file size, the bizhub C300 can speed your workflow – and improve your scan image to preserve more text and visual information.

Enhanced security protection. Today's networked workflow demands increased security protection – and the bizhub C300 gives you HDD Job Erase, HDD Sanitizing, HDD Lock function, Copy Protect, Secure Printing, IP Address Filtering, User Authentication, Scan Encryption, optional HDD Encryption and more.

Standard duplexing, high paper capacity. The bizhub C300 lets you load and auto-duplex up to 140 lb. index stock via multi-purpose cassette and manual bypass, print on envelopes or coated paper, and output 11" x 17" originals on 12" x 18" paper to preserve color bars, crop marks and margins – with maximum paper capacity of 3,350 sheets for long print/copy runs.

High-speed fax option for all-in-one performance. You'll have Super G3 transmission/reception, up to 2,000 multi-address locations, broadcasting, program dialing and other advanced features – plus an optional 2nd phone line for increased fax input/output capability.

PageScope print management capabilities. PageScope Job Spooler helps you control print queues more effectively – and PageScope Direct Print lets you send PDF or TIFF files directly to print without using print drivers or application software.
